

## Discover With Diane...

2024 SUMMER EDITION

With every newsletter mailing, a buzz of excitement always seems to follow! And I just want to say that this “buzz” makes a trip planner’s heart very happy! So much overthinking goes into each trip idea, and it always starts with two questions: “Will this be a destination that will appeal to our travelers?”...“Are we able to keep it affordable but still offer a high quality trip?” If we are pretty confident that both are “yes” answers, the next step is to dig into the details. And yes, there are a lot of details! But I’m here to tell you that your enthusiastic responses validate every bit of the effort that goes into our Discover Club trips! Your excitement fuels my motivation that takes us to the next adventure! See you on the coach!

By now, you have likely seen our new look, and we hope you are as excited about it as we are! Our new logo allows us to tell a richer story about who we are. Each piece of the logo represents a part of that story, and we want to share these important meanings with you! As we celebrate 25 years of community banking, we thank YOU for being an essential part of our success; it's thanks to customers like you that we've come this far.

## STATE BANK'S SECURITY QUICK TIP:

Proceed with caution! Falling for this scam could be costly! If you receive a phone call claiming to be from Microsoft, or see a pop-up window on your PC with a fake warning message and a phone number to call and get your “issue” fixed, it's better to be safe and not click any links or provide any personal information. Microsoft will never proactively reach out to you to provide unsolicited PC or technical support. Also, never call a number provided in an error message. Real Microsoft error messages never include a phone number to call. Be safe...not sorry!
